- 3. Public Hearings
 - A. Kebab House – Specialty Restaurant Beer License

John Kautzman City Auditor presented the following;

All the paperwork and necessary documents have been provided in order to move forward with this request. Mayor Klug asked if a building inspection had been done. John indicated notices have been sent to the surrounding properties per the ordinance and no written complaints have been received. Mayor Klug asked if someone has looked at the building to see if there is some separation from where the beer is being served. John stated he was not sure if the Building Department does that, however, does not think so.

Mayor Klug opened the public hearing and stated if anyone has any comments on this item to approach the podium and state your name for the record. Mayor Klug asked if anyone would

like to speak, he asked a second time if anyone would like to speak and he asked a third time, hearing none, Mayor Klug closed the public hearing.

Motion by Bekkedahl, Seconded by Brostuen to make a motion to approve

AYE: Brostuen, Bekkedahl, Piesik, Cymbaluk and Klug

NAY: None

ABSENT AND NOT VOTING: None

4. Bid Openings
 - A. Landfill Perimeter Fence

Dave Bell Director of Public Works presented the following;

Public Works opened bids on Thursday, July 5, 2018 for the Landfill Perimeter Fence which is the final phase of our Landfill expansion project. We had three bids; two bidders did not provide a bid bond and were not opened. We received one good bid from Dakota Fence in the amount of \$264,800., which was below the Engineers estimate of \$293,710. This number does include the alternate we had for \$97,200., to replace existing fence around cell's 1,2,3 & 4. We recommend the award of the Landfill Perimeter Fence to Dakota Fence of Williston in the amount of \$264,800.

Motion by Piesik, Seconded by Brostuen to make a motion to award of the Landfill Perimeter Fence to Dakota Fence of Williston in the amount of \$264,800.

5. Ordinances
 - A. Ordinance 1083 – Update to Section 20-2 Food Trucks (Second Reading)

Rachel Laqua from Planning and Zoning presented the following;

There is one item we would like to remove, a requirement that food truck employees have to have a background check done, the Auditor's Office has requested this be removed, due to the administrative paperwork that would be necessary and it seems like a lot of paperwork and unnecessary. We request this be removed; otherwise, nothing else has changed from the first reading.

Mayor Klug asked if there were any changes to Ordinance 1084. Rachel indicated the same change was made, removing the background check requirement for the food trucks.

City Auditor John Kautzman clarified it was item #3 on page 204 and item #3 on page 207, were the items removed.

Motion by Brostuen, Seconded by Bekkedahl to move to approve the Second Reading of Ordinance 1083 an update to Section 20-2 regarding Food Trucks with the requested change to remove the requirement for employee background checks as requested

AYE: Brostuen, Bekkedahl, Piesik, Cymbaluk and Klug

NAY: None

ABSENT AND NOT VOTING: None

CARRIES: 5-0

B. Ordinance 1084 – Update to Section 25Q Food Trucks (Second Reading)

Motion by Brostuen, Seconded by Piesik to move for approval of the Second Reading of Ordinance 1084 update to Section 25.Q regarding Food Trucks also with the change removing the requirement for employee background checks as requested

AYE: Brostuen, Bekkedahl, Piesik, Cymbaluk and Klug

NAY: None

ABSENT AND NOT VOTING: None

CARRIES: 5-0

6. Petitions, Communications and Remonstrance's

 - C. Street and Improvement, Sanitation, Cemetery and Public Works Commissioner
 - D. Fire, Police and Ambulance Commissioner
 - E. Water Works, Sewer, Airport, Building and Planning Commissioner
 - 1) XWA ARFF/SRE Facility Guaranteed Maximum Price

Anthony Dudas Airport Director presented the following;

This GMP is with JE Dunn for the construction of the Aircraft Rescue Fire Fighting and Snow Removal Equipment Building. The efforts to design this facility began back in 2015, prior to the additional fire stations being constructed. The initial facility came back at over 70,000 sq. ft. and \$20 million plus in cost. At that point the design was halted as a study was being done to

determine what the necessity was for emergency response in the City of Williston as the thought was this would be one of those fire stations, however, we learned this was not the case.

We then decided to move forward with the construction manager at risk process in 2016, at that time in September, the City performed a qualifications based selection to select a construction manager at risk and JE Dunn was awarded the contract. Since that time we have progressed on design, value engineering and bidding in an effort to establish a final guaranteed maximum price for our facility. The team that reviewed this information includes; Commissioner Brostuen, City Administrator Tuan, Chief Catrambone and Mark Schneider Development Services Director. We brought the facility down to a size that meets our needs and the right size for airport operations as well as the ability to house a limited amount of City fire and structural fire fighter staff and emergency medical staff. On May 10, 2018, we were provided an estimated GMP of approximately \$12,232,518. We did bid this project out, on June 14, 2018 we opened bids and without any alternates added we found a price of \$11,591,072. Following those results our team reviewed the value engineering efforts, to evaluate any of the remaining alternates that might be available and we agreed on the following alternates that are all either adds or deducts. All of the costs associated in this include the construction manager at risk fee, which is 4% for this facility and additional bonding costs if they escalate or de-escalate, depending on weather it's an add or a deduct. The alternates that we would like to move forward with are;

| | |
|--|------------------|
| Specialty flooring for the ARFF (Rubber interlocking tiles as in Station 1) | \$65,952. |
| 3 rd Party Testing & Inspection Services (same as terminal project) | \$64,128 |
| Use of Johnson Controls in lieu of Trane (same as terminal project) | \$31,216 |
| Adjusted Total | \$161,296 |

Commissioner Bekkedahl asked when reading tab 5, which is the alternate page, under the add/deduct column all of the numbers are additions, should some of them be deductions. Anthony indicated all those numbers were additions, however, we did not select all of the add alternates.

There were also two deducts to the project;

| | |
|--|-----------------|
| Standard grey concrete precast in lieu of tan mix | \$47,973 |
| Remove optional wash-bay curtain (can be added later if necessary) | \$29,067 |
| Adjusted Total | \$77,040 |

With the listed additions and deductions the total GMP \$11,710,932. and we recommend approval to JE Dunn.

Mayor Klug asked about the grey concrete deduct, while building this airport, we wanted something more than a square box and feels that people will be seeing this and asked if we could keep it in. Anthony indicated we can keep it, however, after seeing a sample that is on site, which Commissioner Piesik has seen. The color compared to the grey is not very visible and does not feel that it will have any sizeable effect to the visual appearance of the building as we kept the other astatically pleasing items like the red trim and all the landscaping items and things of this nature.

Commissioner Piesik agreed with Anthony and indicated she feels it will not make a difference and indicated she did ask questions and JE Dunn answered all her questions and explained and feels it will be fine.

Commissioner Bekkedahl stated he appreciates the Mayor's comments as we are building 50 year life buildings and we have to live with these color schemes for a long time. If everyone agrees there is not much color difference, he is comfortable with that also. We want public buildings we can be proud of.

Mayor Klug asked Rick Skumavc if he had looked at the concrete and if there is really that much difference. Rick stated there is not much difference.

Motion by Brostuen, Seconded by Piesik to move for approval of the XWA ARFF/SRE Facility Guaranteed Maximum Price to JE Dunn in the amount of \$11,710,932., as presented

AYE: Brostuen, Bekkedahl, Piesik, Cymbaluk and Klug

2) XWA Electrical Vault Bid Award

Requested to table this item this evening due to the sole bid that came in was higher than anticipated and we need time to review all the documentation.

Motion by Bekkedahl, Seconded by Brostuen to make a motion to table UNANIMOUS BY VOICE VOTE

3) XWA Aviation Business Services – Trillion Aviation Statement of Work #5

On April 24, 2018 the City Commission approved moving forward with scope and fee negotiations with Trillion Aviation to provide Aviation Business Consulting Services. Through this effort, we have delineated six separate items that are needed for operations at XWA. These include: develop FBO request for proposals (RFP) and contract negotiations, food and beverage/retail contract negotiation with the selected provider, develop rental car operations RFP and contract negotiations including funding plan and projections for their facility, develop parking lot management RFP and contract negotiations, finalize general aviation facility land lease and development agreements and rental rates and ad hoc services. The full details of these items as well as the hourly breakdown for the work to be performed can be found in your packet. The project team including City staff and Cardon Global have reviewed the proposed scope and fee and find it reasonable for the work to be performed. Trillion Aviation has been an integral part of our air service development efforts as well as our financial planning for XWA. These additional scope items will be very important as we continue to work to solidify our financial picture and create a facility that will cover its operating and debt expenses. I recommend approval to award statement of work #5 to Trillion Aviation in the amount hourly, not to exceed of \$80,590.

Anthony indicated he had a few additional comments he wanted to make, we received some great news from Customs and Border Protection Headquarters Office in Washington D.C., as we have had some challenges associated with the relocation of the designation of an International Airport from Sloulin Field to the new Williston Basin International Airport. It took some education and a really great partnership with our legislative partners, Congressman Cramer, Senator Heitkamp and Senator Hoeven to help to ensure carrying this forward. This

designation has been approved. Anthony also stated they are having their 3rd annual fly-in breakfast on Saturday from 7am until Noon; it's going to be a great event to support the local Lions Club, who will be cooking breakfast, goodwill donations, free admission and free parking. Airplane rides are \$25/ per person.

Commissioner Brostuen indicated at today's CVB annual meeting and appreciation lunch, there were a number of awards given out. One of the awards was the Tourism Champion of the Year and it was given to our own Anthony Dudas, Airport Director. Commissioner Brostuen explained what makes a Tourism Champion of the year; Anthony has gone above and beyond any ordinary Airport Director's responsibility of managing the existing Airport and also to extending to overseeing the new Airport construction project, the transition, building relationships with Commercial and General Aviation stake holders, promoting Williston as a destination for future visitors and users and building his team to run the new Airport. Above and beyond all of this, he is always willing to help our staff with local events; he has always been instrumental in keeping the Airport fly-in breakfast flying. Commissioner Brostuen congratulated and thanked Anthony for all his hard work and service to our community.

Motion by Brostuen, Seconded by Bekkedahl to move for approval of the Statement of Work #5 to Trillion Aviation in the amount hourly not to exceed \$80,590 as presented

AYE: Brostuen, Bekkedahl, Piesik, Cymbaluk and Klug

 - 1) NDDOT Engineering Reimbursement Agreement—East Broadway/7th Ave E

Bob Hanson City Engineer presented the following;

NDDOT has scheduled and funded improvements to the East Broadway and 7th Avenue East intersection, improvements being contemplated include:

- Construction of a roundabout intersection
- Or; Construction of a curve joining the west leg of Broadway with 7th Ave E creating a continuous through movement along the 1804 Truck Route with the west leg of Broadway entering the Truck Route by a Radial Tee intersection.

NDDOT has set aside \$3,000,000 to construct this project and scheduled its construction for 2020. The City would be responsible for 10% of the project costs. NDDOT has engaged Civil Science to shepherd this project through its environmental clearance and preliminary design phase at an approximate cost of \$289,000. NDDOT presents the City with an agreement under which the City would reimburse NDDOT for its environmental clearance and preliminary engineering costs in the event the City chooses not to proceed with the construction of this project or requests fundamental changes to its currently envisioned scope, which I do not see

happening. This is a new requirement that the State is starting to ask Cities to enter into, it's a standard agreement and I recommend we enter into this agreement.

Mayor Klug asked to clarify that the state selects the engineer. Bob indicated yes, however, he participated in the selection process.

Commissioner Bekkedahl asked if they have any estimated costs this early. Bob indicated there are estimates for a \$3 million project, however, when it was submitted to the state, he submitted a \$2 million dollar figure and this is a 90/10 project.

Motion by Bekkedahl, Seconded by Brostuen to make a motion to approve the NDDOT Engineering Reimbursement Agreement for East Broadway and 7th Avenue East between the City and DOT

 - 1) Comprehensive Housing Action Plan RFQ

Kent Jarcik City Planner presented the following;

This is a request for qualifications (RFQ), this request is to solicit candidates to develop a comprehensive housing action plan and this is another piece of the puzzle to other on-going city and community efforts to improve housing. This item has been pending on past budgets with the downturn in activity in 2016 and 2017 and is now being brought forwards with the growing economy and demand for housing. The plan should develop and create a toolkit of strategies and action items that will help the City toward meeting the housing demand for each income category as forecasted by the 2016 Statewide Housing Needs Assessment. The action plan should include detailed next step to develop each strategy including responsible parties and timelines.

The 2016 Statewide Housing Needs Assessment forecast for increased dwelling units needed per income category by the year 2029 include: Extremely low: 0-30% MFI, an increase of 40.4%; Very Low: 31-50% MFI, an increase of 52.0%; Low Income: 51-80% MFI, an increase of 45.1%; Lower Moderate: 81-115% MFI, an increase of 54.1%; Moderate: 116-140% MFI, an increase of 45.3%; Upper Income: Above 140% MFI, an increase of 46.2%.

A committee consisting of Howard Klug, Mayor; Chris Brostuen, City Commissioner; David Tuan, City Administrator and Mark Schneider, Development Services Director has reviewed this RFQ. Cardon Global has also reviewed this RFQ for communication and coordination purposes. The recommendation is to approve the request to advertise the RFQ soliciting candidates to develop a comprehensive housing action plan.
